FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT (FERPA)

FERPA affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records.

They are:

- The right to inspect and review the student's education records within 45 days of the day the District receives a request for access.

Parents or eligible students should submit to the school administrator a written request that identifies the record(s) they wish to inspect. The administrator will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading.

Parent or eligible students may ask the Academy of Building Industries to amend a record that they believe is accurate or misleading. They should write the school administrator, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If AOBI decides not to amend the record as requested by the parent or eligible student, the Academy will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for an amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to Academy officials with legitimate educational interest. A school official is a person employed by the Academy of Building Industries as an administrator, supervisor, instructor, or support member (including health or medical or medical staff and law enforcement unit personnel: a person serving on the School Board; a person or company with whom the academy has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist): or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

An Academy official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/ her professional responsibility.

Upon request, the District discloses education records without the consent, to the official of another school or school district in which the student seeks or intends to enroll.

Academy of Building Industries High School
Child Find Policies and Procedures

1. In compliance with federal legislation, Academy of Building Industries has established the following Policies and Procedures for Child Find purposes:

Academy of Building Industries *Policy assures that:*

- All children with disabilities, including those attending private schools that are in need of special education and related services are identified, located and evaluated.
- A practical method shall be developed and implemented to determine which children are currently receiving needed special education and related services.
- This policy applies to highly mobile children with disabilities and children that are suspected of being a child with a disability, and in need of special education, even though they are advancing from grade to grade.

Procedures include, but are not limited to:

1. Academy of Building Industries (AOBI) will maintain documentation of the public awareness efforts to inform the public and parents within the school district jurisdiction, including private and religious schools, of the availability of special education services.
2. Screening activities will be implemented for all enrolled students new to the district, and those students who transfer to AOBI without sufficient records.
3. The screening will be completed within 45 days of enrollment.
4. The screening will include consideration of academic, cognitive, vision, hearing, communication, emotional, and psychomotor domains.
5. If the screening form shows no areas of concern, then the forms are given to the Special Education Department to file. If concerns are noted, then the form is sent to the Child Study Team (CST). The CST will review records and consult with the student's parents, teachers, and school administrators and other appropriate personnel to determine a course of action to enable the student to succeed in the general education program at AOBI. This may include, but is not limited to, a referral for evaluation by the Special Education Department.
6. Academy of Building Industries will maintain documentation and annually report the number of children with disabilities within each disability category that have been identified, located and evaluated.
7. Academy of Building Industries will supply contact information for the local district to notify AzEIP, within two working days of receipt of a concern regarding a child aged birth through two years, using The Arizona's Child Find Tracking Form and maintaining a copy of the tracking form for monitoring purposes.
8. For children ages 3 to 5 years old, AOBI will supply contact information for the local district.

For more information: Special Education Department, AOBI (928) 788-2601.

STUDENTS WITH DISABILITIES

A continuum of service options is available at the academy of Building Industries for all students with disabilities. Upon application for enrollment we share the philosophy of the school with all students. The Academy of Building Industries is a unique charter school designed specifically to serve the purpose of providing a high school education with training in the building industries. Our mission at the Academy of Building Industries (AOBI) is to provide the opportunity for a high school education focused on the academic and technical skills necessary for graduates to excel in a lifetime career in the construction industry. We do not offer the variety of kinds of electives available in a public school, and a shop environment may not be a safe environment for some students with certain disabilities. Because of this, AOBI may not provide the least restrictive or best meet she needs of some students with disabilities.

After sharing the philosophy of our school, discussing the programs available, and taking the student and parent on a tour of the school, if the parent of a student with disabilities wants to enroll their child at AOBI, we would not refuse to enroll them simply because of their disability. Rather, we would follow the same enrollment policies as we do with non-disabled students. We do have a cap on the number of students we can enroll, a cap on the number of students we can accept in a certain grade level, and the number of students we can enroll in certain vocational programs. Because of this, we often have a waiting list for enrollment.

Also, it is our policy to not accept some students that have been expelled from another school or have a history of nonattendance. This is decided on a case by case basis.

In a case in which a severely disable student enrolls at AOBI, and we don't currently have the resources to meet the child's needs, we would seek consultation/ support from other agencies, such as, the County Health Department, Mohave County Mental Health, local school district personal, etc. We would also seek emergency funding from the Arizona Department of Education, if necessary.

ADE Revised April 1, 2015

The McKinney Vento Act: Parent/Student Rights for Those in Transition

Arizona public schools shall provide an educational environment that treats all students with dignity and respect. Every student experiencing homelessness or transition shall have access to the same free and appropriate educational opportunities as students who are not homeless. This commitment to the educational rights of homeless children, youth, and unaccompanied youth, applied to all services, programs, and activities provided or made available.

A student may be considered eligible for services under the McKinney-Vento Homeless Assistance Act if he or she is presently living:

- In temporary shared housing, a shelter, or transitional living program
- In a hotel/motel, campground, or similar situation due to lack of alternatives
- At a bus station, park, car, or abandoned building
- In temporary or transitional foster care placement

According to the McKinney-Vento Act, eligible students have rights to:

Immediate enrollment: *Documentation and immunization records cannot serve as a barrier to the enrollment in school.*

School Selection: *Eligible students have a right to select from the following schools:*

- The school he/she attended when permanently housed (School of Origin)
- The school in which he/she was last enrolled (School of Origin)
- The school in the attendance area in which the student currently resides (School of Residency)

Remain enrolled in his/her selected school for the duration of homelessness, or until the academic year upon which they are permanently housed.

Participate in programs for which they are eligible, including Title I tutoring programs, Free Lunch in schools with the, National School Lunch Program, Head Start & Even Start Preschool Programs.

Transportation Services: *A McKinney-Vento eligible student attending his/her School of Origin has a right to transportation to and from the School of Origin.*

Dispute Resolution: If you disagree with school officials about enrollment, transportation, or fair treatment of a homeless child or youth, you may file a complaint with the school district. The school district must respond and attempt to resolve it quickly. During the dispute, the student must be immediately enrolled in the school and provided transportation until the matter is resolved. The McKinney Vento Liaison will assist you in making decision, providing notice of any appeal process, and filling out dispute forms.
